RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

A GENTLE REMINDER.

Why would it not be a good idea to commence the New Year by paying up your subscription to the Herald and renewing for a year in advance? Many have favored us with remittances during the past few weeks but there are still hundreds of others on our list from whom a few dollars on subscription would be heartily appreciated. It is only a matter of a dollar or two to each of our readers but to us, having a large number of such small accounts outstanding, it means several hundred dollars. We would appreciate it if all who can do so would call around at the Herald office within the next few weeks and leave a dollar or two. If you can't come in to see us, mail us your check or a money order. If you like the Herald, or if you don't like it, but think it worth a dollar a year, let us have your remittance and the paper will continue to come to your address right along. If you don't want it, let us know and we will just as cheerfully discontinue sending it to you. We want all who desire the paper and are willing to pay for it, to have it but we do not care to send it to a single person who doesn't want it. It is up to you. Do you want the Herald? If so, let us have your remittance, please. Thank you.
